- Dr. Ashfaq Khokhar
- Dr. Mohammad Ilyas
- Dr. Mubarak Shah
- Dr. S. M. Junaid Zaidi

Since its inception in 2003, the International Workshop on Frontiers of Information Technology has emerged as a leading forum in Pakistan for IT professionals and researchers to discuss and present the latest research trends and results in the field of Information Technology (IT).

FIT 2005, third in its series, promises to be another exciting event that will host leading IT researchers from across the globe and will provide opportunity to build international research collaborations. The topics of interest include, but are not limited to:

- Communication and Networking
- IT Security
- Educational Technology
- IT Applications
- ICT in the Developing Countries
- Distributed and Collaborative Computing
- IT based Applications including digital government, e-commerce, e-learning and bioinformatics

IT researchers and practitioners with an interest in any of the above IT research areas are invited to submit original unpublished papers describing their work (maximum 14 pages, single column single spaced) latest by August 30, 2005. Submitted papers will be accepted for presentation at the workshop on the basis of their originality and relevance using a peer-review process. In addition the workshop proceedings will include invited visionary papers and presentations from renowned researchers and practitioners in related IT areas.

The schedule is as follows:

**Draft Paper Due: August 30, 2005**

**Notification of Acceptance October 14, 2005**

**Camera ready copy due November 14, 2005**
